

PROGRAM *(preliminary)*
ROTARY YOUTH ANNUAL SUMMER FORUM 2023 - 2025
AUSTRIA-MONTENEGRO-SERBIA
VIENNA Sept. 8th – 10th 2023

The Rotary Youth Annual Summer Forum will take place in 2023 from 8th - 10th 2023 September in Vienna. The Forum will act as a linking factor between the participating countries and cultures and will be hosted in Serbia and Montenegro in the following years.

All discussion will be based upon the *“Area of Focus of Rotary International”* and the *“Sustainable Development Goals of the United Nations”*.

For content and structure of the *program please see below* details.

We want to create a united future.

To realize and develop such a future, young and experienced people need to work with an eye to the future. Especially the voices of the youth to be used.

Who can participate?

The forum is aimed at young people aged 18-30 who are interested in actively creating the future. High potentials are asked to work together with top-class experts on the formulation of concrete projects for the rapprochement of Montenegro and Serbia with the EU and for long-term peacekeeping.

What does participation cost?

Education should never be a question of money. That is why we have decided to cover the costs of accommodation (Half Board), transport (fixed allowance) and participation in the Forum for the attendees.

How can I apply?

Applications must be submitted the latest by June 30th, 2023, using the “Apply Now” link.

In case you must cancel your registration please inform us immediately!

I have sent my application. What happens next?

There will be 10 slots for participants per country (30 attendees per country). We will assess the applications carefully and contact you to let you know if you can participate in the event.

Friday, September 8th, 2023:
